WORK EXPERIENCE

Plugvix

Freelance

UI/Ux Designer(Freelance)

I worked with a team of developers on projects for government organisations and businesses Front-end Development,Interaction Design,Rapid Prototyping ,Wireframes, A/B Testing, Cognitive Walkthrough, Surveys,Task Analysis & . Persona Hypothesis,Quantitative and Qualitative Analysis Interview and Usability Testing. I also worked on branding and visual identities for various brands and projects. I worked on projects like **atfinvestment.com, coinmadepassiveincome.co, kuvuki.ng, nfctadms.org, agricoow.com,goetrax.com,othotrades.com**

Desevens Digital

December 2018- November 2019

UI/Ux Designer

Desevens is a Creative digital agency Located in London. As a UI/UX designer i get to use my various design skills to create interfaces for cutting edge products that solves various problems in different industries.

I collaborated with the development team & managed a wide variety of projects and products involving branding, illustrations & UI design for startups & Learning management systems, law firms such as **immigrationlawyerslondon.com, fairmontlawyers.com**. I also worked on the design and development of vital company internal tools for these companies

My responsibilities included heuristic analysis, wireframes, sitemaps, mock-ups, user flows, concept sketches , visual design, surveys, task analysis, Persona hypothesis, interview, usability testing.

Project Manager / Client Service Director

Still at Desevens i Have other sub roles, Since the development process starts from me as the client service director i get to communicate with various clients to know their exact requirements, after this as project manager i break the requirements into tasks and phases for the team.

WORK EXPERIENCE

Novateur

December 2017- October 2018

Novateur is an IT and consulting company that has other sub brands Like Printanything Nigeria. I was at Novateur, during this short period i was able to gain a lot of experience working across brands and occupying a number of roles.

Website Manager

Because of my knowledge of Wordpress i was giving the website manager role were i managed the companies websites, which required constant updates of content and frequent optimisations for speed and Search engines. Worked on **Printanything.ng, Novateur.ng**

Graphics Designer

As a member of the design team i was able to work on various designs for both screen and print, i worked with various design softwares like Photoshop, Adobe Illustrator and Corel Draw.

Head of Marketing Team

In this role i had to head the marketing team for both online and offline marketing campaigns.

Head of Development Team

I got to improve and leadership skills to be able to coordinate the team. I also developed brilliant websites. I was also the Ui/ Ux Designer on the team created wireframes and mockups, conducted research.worked on projects like **abiainvenst.com,signagekings.ng,brandonflash.com**
